

Committee Nominations Openings 2018/2019

Representatives from the WNYLRC membership are appointed to WNYLRC Standing Committees by the WNYLRC Board of Trustees Executive Committee. Each standing committee can have up to 13 members from the membership in addition to one or more WNYLRC, DLIS, or other standing committee or subcommittee liaisons. Care is taken in ensuring representatives from all types of libraries (private academic, public academic, public, school, special, and patron membership) as well as geographic areas.

Patron members are eligible to participate on standing committees. There are three levels of Patron Membership: patron organizational membership representatives (organizations that do not meet the criteria for Governing member), personal member (individuals who are not affiliated with a Governing or Patron organizational member), and student member (individuals who are currently enrolled in a MLS/MLIS program). There is only one Patron Membership opening per committee and its term fluctuates.
